

2 - Movie Fundraiser (MFR) Functions:

Cinema hire: \$10 pp plus a choice of concession item* \$5 pp = total of \$15 per person (minimum numbers apply)

Scenario: The fundraising party sells tickets to the event for \$25 per admission ticket, making a profit of \$10 per person. The customers feel they are getting good value for their money; not only is a movie ticket plus a concession item around the same price as they would spend at other cinemas, but they are also helping to raise funds for a good cause. You could also run a raffle or take donations on the evening of the screening to maximise your fundraising opportunity. With a good support base potential funds raised on a movie fundraiser night could be around \$2,000

Albert Theatre: capacity 132 seats / minimum 80 people
